A light-action rod and reel combo with small fishing hooks, light line (12 lb. test or less) small bobbers and small split shot is a good starter kit. For bait, bring salmon eggs, whole kernel corn, marshmallows, small worms, or prepared trout baits. Small artificial baits such as rooster-tails, Berkley power bail and small spinners are generally the favorite baits for trout. **You're allowed to keep all you can catch of our rainbow trout, so if you want to keep fish, please bring a stringer or small cooler.** (If you don't have any fishing gear, volunteers from the local area and TPWD will be on hand to help with fishing and to provide loaner rod and reels and some bait.)
